

## MONUMENTAL EVENTS

Situated under beautiful live oak trees overlooking the Atlantic Ocean, the Coastal Georgia Historical Society offers a unique location to host your next special event. The A.W. Jones Heritage Center, our state-of-the-art headquarters, opened in 2008 and includes a 1,400 square foot event hall perfect for meetings, receptions, galas, lectures, board meetings, seminars and social functions. Available to accommodate indoor and outdoor event requests, guests may also choose to host their event on the Heritage Center's plush oceanfront lawn, in the executive Board Room or in any of the private courtyards. Unique to other island venues, our team is able to arrange access to the Lighthouse tower for guests to climb to the top or take a tour with staff historical interpreters.

The Society is proud to offer personalized and flexible event planning options. Working with our team and local vendors ensures the luxury of planning a well-coordinated event with experts who are familiar with the venue and its exceptional location. Arrangements can also be made to provide audio/visual assistance and Wi-Fi access for meetings and presentations.

For functions with travel requirements and out-of-town guests, the added convenience of a boutique hotel directly across the street makes organizing and planning especially easy.

For pricing and additional information, please contact Jessica Aldridge at (912) 634-7092 or email [events@coastalgeorgiahistory.org](mailto:events@coastalgeorgiahistory.org).
