## St. Simons Lighthouse undergoes cleaning

THE BRUNSWICK NEWS

Jul 7, 2022

A cloud of spray drifts into the sky as John Xipolitas, left, project superintendent, and Antonios Halicos pressure wash the St. Simons Island lighthouse while hanging from the top of the lighthouse.

Terry Dickson/The Brunswick News

The lighthouse on St. Simons Island has undergone significant cleaning this week. Razorback LLC pressure washed the exterior on Tuesday, and crew members said the full process would take about three days. The lighthouse, built in 1872, will soon celebrate its 150th birthday.
