

Coastal Landmark Preservation Society (CLPS)

CLPS was established in the mid-1990s to preserve the Historic St. Simons Coast Guard Station at East Beach when the U.S. Coast Guard moved to a new location and transferred the property to Glynn County. This list records the inscriptions on bricks that were part of a fund-raising initiative by CLPS. These individuals, families, and organizations generously donated funds to preserve the Station. In 2001, CLPS merged with the Coastal Georgia Historical Society.
